NOVEMBER NEWSLETTER 2022

My name is Win Win Mar and I am writing to tell you about my future plan.

Last year I finished my high school and I passed the 10th standard with suitable marks and one distinction. I was really glad because I tried my best.

When I was young I really wanted to be a lawyer, and now I have a great chance to study law at Sittwe University. Half of my dream has come true and another half depends on me. I will try to become the best lawyer because I have a strong desire. I've lots of reasons why I want to become a lawyer, and the main reason is that "the law is very important for all countries." In our daily life, almost all things that we do are governed by one law or another. For example, if we buy

something or drive on the highway, borrow something from someone, and so on. If there were not any laws and regulations, the world would be worse and worse. Thus, we need lots of lawyers and judges for our country.

The Andrew Clark Trust

When I am a lawyer, I want to help and solve other people's problems. A lawyer will always constantly deal with different kinds of cases that pose all kinds of problems. I will have to listen to other people's stories and difficulties and also have to understand their feelings, reasons, and struggles. It's not an easy job but I believe that if I try I'll be a successful lawyer one day.

As I'm one of the students at the Vera Thomson English School, I'll try to be a person that all the teachers can be proud of.

I am very grateful to this school as they provided free education and supported all the things that I needed. Even now I can write this letter because I learned English here. One day when I am a lawyer, I would like to help this school.

I am sure that I will create a beautiful nature for my life.

WE BELIEVE THAT EACH STUDENT IS THE CREATOR OF THEIR OWN FUTURE, GIVEN THE RIGHT EDUCATION.

THANKS TO EACH AND EVERY ONE OF YOU WHO ARE HELPING US ACHIEVE THIS.
