Responsible decision making – making ethical constructive choices about personal and social behaviour. Self awareness – recognising one’s emotions and values as well as one’s strengths, weaknesses, and challenges. It is all about connecting our hearts and minds.

To be good communicators, we should always listen with understanding, be respectful, be responsible, be resilient.

How to dance and sing together.

Encourage their families and community to do their part in conservation.

Our students had a lot of fun but at the same time they learnt many valuable life skills.

OUR GRATEFUL THANKS TO JAY RAHIMAN AND HIS TEAM
